

Revit Technician Structural Engineering – Chicago, IL

The Opportunity

We have an immediate opening for a Building Information Modeler (BIM), specifically on Autodesk's Revit platform, where we serve a diverse client base and get to work on the designs of buildings that play a key role in shaping our communities. Our work includes high profile cultural facilities, civic buildings, academic, commercial, healthcare, and research buildings, and places where people gather socially.

If you are ready to start or grow in your career at a great company and be mentored by experienced and thoughtful teammates, this is the place for you.

Position Requirements

- Associates of Applied Science Degree or other equivalent degree/experience in Building Information Modeling
- Proficient with Revit Structure or Revit Architecture software
- Desired Skills and Traits
- Working knowledge of construction methodology for common structural systems
- Strong interpersonal, communication, and teamwork skills
- Integrity and initiative
- An appreciation for architecture/design
- Creative problem-solving skills
- Enjoys challenges and new applications of producing construction documents
- Eager learner, who wants to continually improve their skill set

Our Company

Datum Engineers is a premier structural engineering firm focused on innovative engineering solutions for complex vertical construction.

Our Mission

We continually raise the bar for structural engineering excellence for our clients as we design and care for exceptional structures where people create, explore, and thrive.

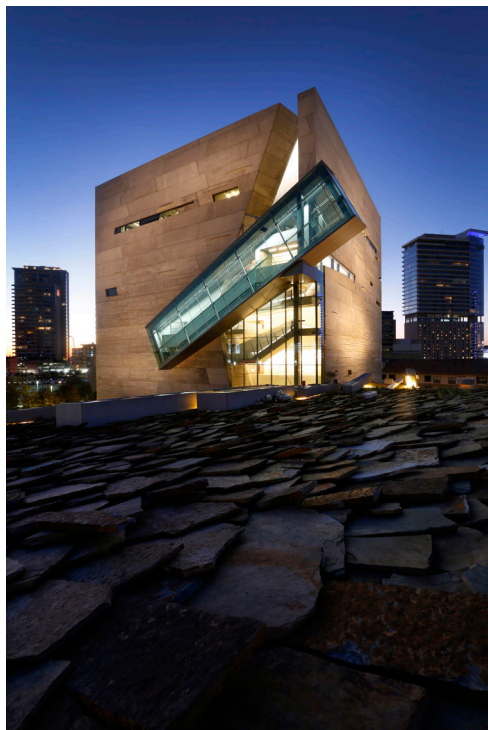

We challenge, support, and encourage one another, and share in the rewards.

Art of Structural Engineering

From our roots in 1937, we have always been a firm devoted to practicing the Art of Structural Engineering, seeking to empower our clients' vision through innovation, expertise, and a can-do spirit. Our diverse work includes literally all shapes and sizes of buildings that are tremendously important to our communities. And more than ever, we are committed to growing our stewardship of resources through our designs.

KEY ATTRIBUTES

Experience and Stability
Expertise and Innovation
Award Winning Design
Committed to Net Zero

WE'RE ON A MISSION . . .

To work collaboratively with our clients to design and care for buildings where people create, explore, and thrive.

To continually raise the bar for structural engineering through our work together.

To encourage, challenge, and support one another, and share in the rewards of what we accomplish together.

BECAUSE WORK IS JUST ONE ASPECT OF OUR LIFE . . .

We love our work, and we care for each other. We also know it's important that you have room in your life to take care of yourself and others by investing your time in the other things that matter in life. Your family is a big deal for us, because it matters to you.

WE'RE IN IT FOR THE LONG HAUL . . .

We want to invest in you and see you grow, through experience, opportunity, and mentoring.

WE'D LOVE FOR YOU TO JOIN US AS WE STRIVE TO . . .

- Make it better
- Serve faithfully
- Grow as a team
- Engage as a family
- Enjoy what we do
